AliRacks are:

Made from antioxidant aluminum alloy with polyethylene shelves providing a high standard of hygiene and a long lasting product

Resistant to moisture, won't rust or corrode

Easy to clean, shelves easily pop out and can be washed in a commercial dishwasher

Suitable for wet, dry, cold or humid conditions, walk-in coolrooms, dry storage, sanitation and service supplies

Heavy load bearing, suitable for heavy storage needs, with up to 250kg load capacity on each shelf (150kg for longer shelves and 85kg for units on castors)

Want a corner unit? Simply use a Corner Kit to connect a Completed Unit and Add-on Unit

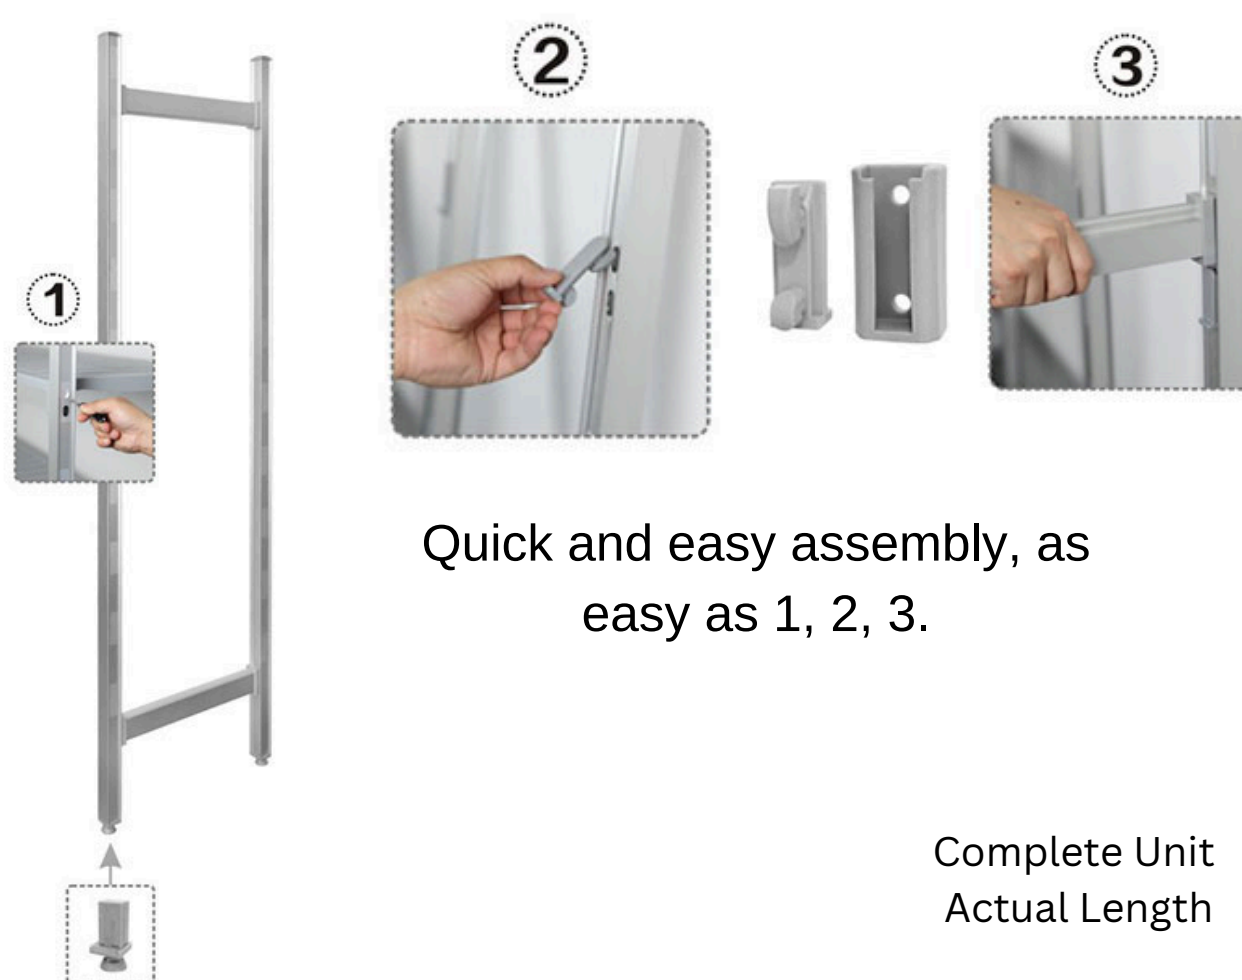

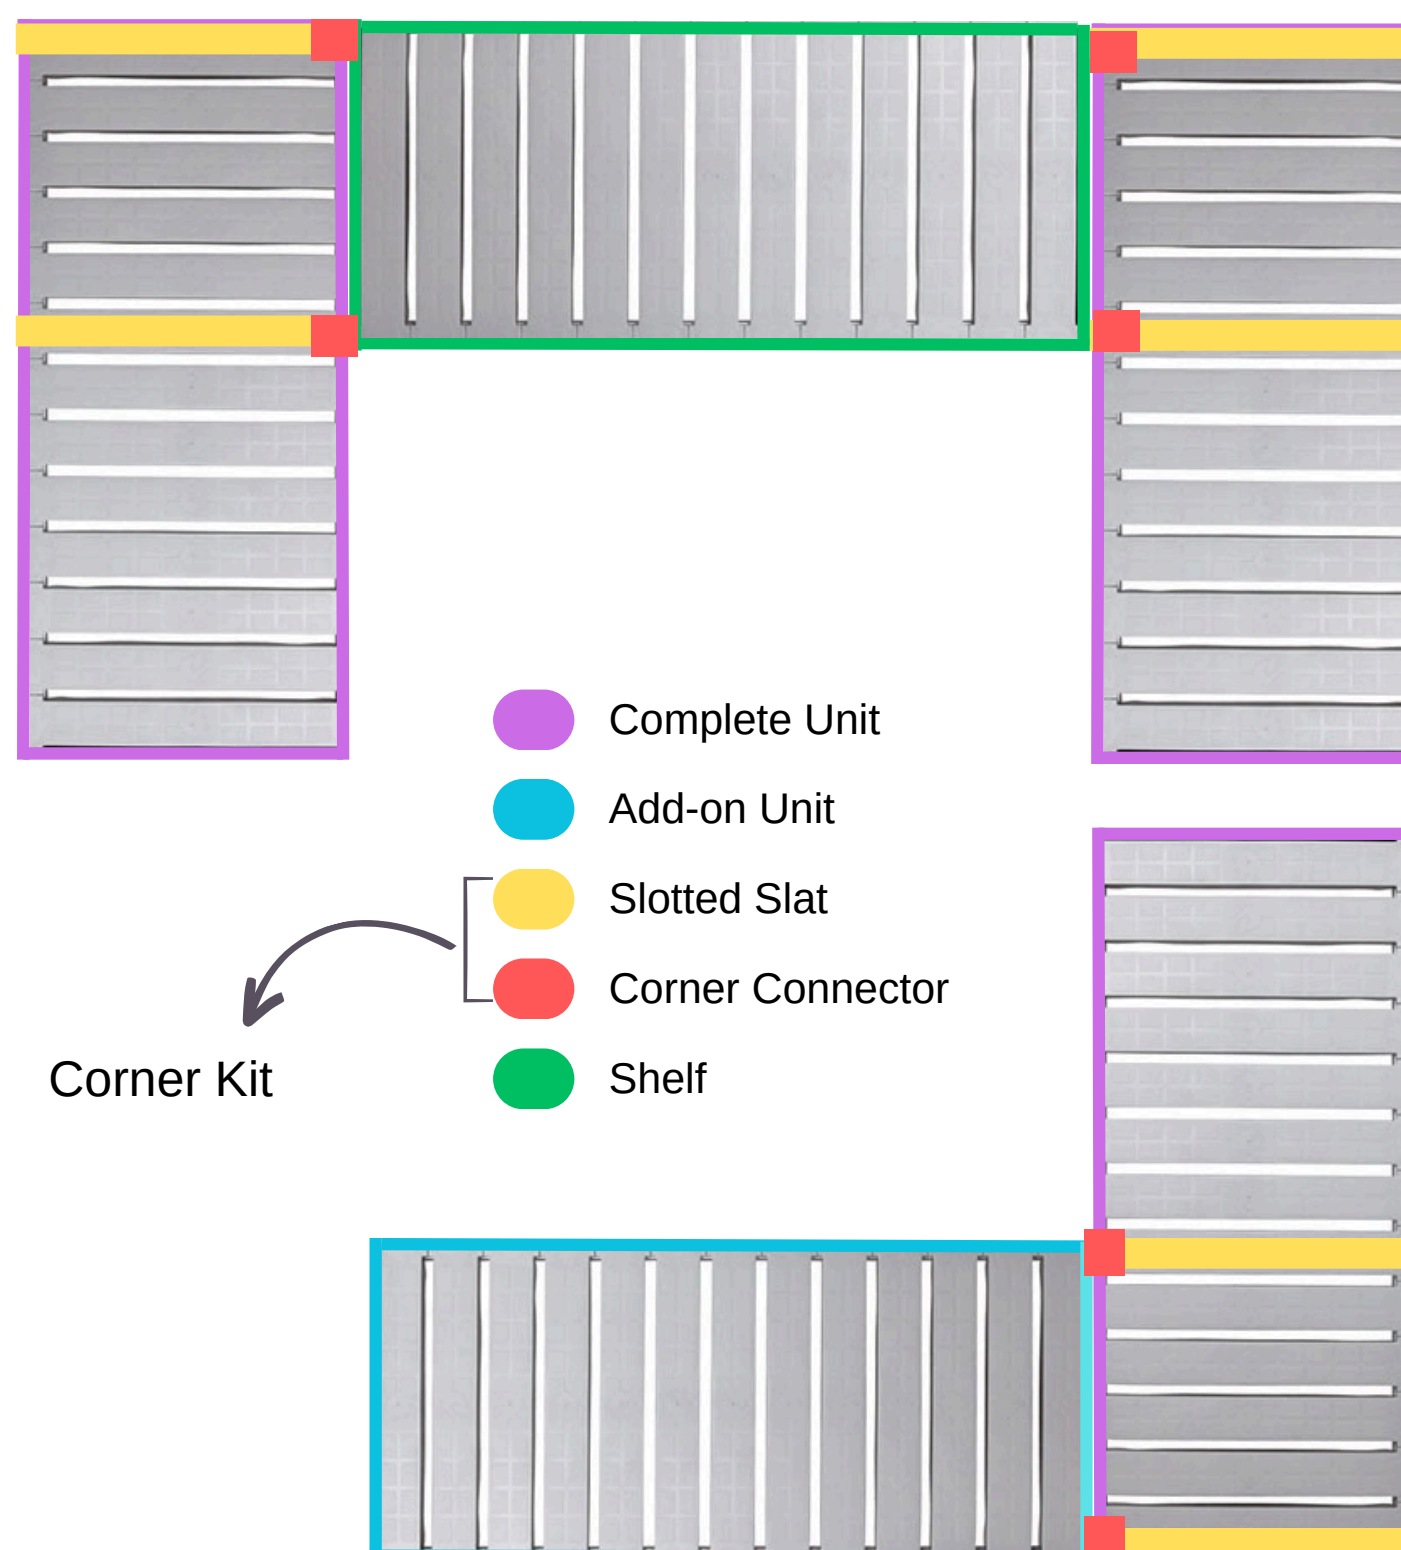

Just replace 2 slats on each shelf with two of the Corner Kit slotted slats.
